BULL 200

EUREKA REINVENTS THE CONCEPT OF SWEEPING

The efficiency of **direct forward throw** sweeping meets the maneuverability, visibility and loading capacity of a sweeper with a **front driving position**.

The BULL 200 is the only sweeper with a practical solution to beat speed bumps and other obstacles which to date have been impossible drive over.

THE NEW EUREKA INDUSTRIAL SWEEPER BULL 200

The BULL 200 is a powerful and durable machine with a **wide cleaning path** (up to 2.100 mm) and **BULLsystem® technology**.

High performance, easy handling and hopper capacity (up to 500 L fully loaded) make the BULL 200 the perfect solution to clean expansive areas in any application.

VERSIONS

BULL 200 HDK – with 1.500 cm³, 36 hp. 4-cylinder, Kubota engine with liquid cooling.
